**NOW DELIVERING THE LATEST MOST UP-TO-DATE TRAINING PACKAGE – CPP07**

There are many risks that pose threats to all businesses in all industries. It is not a matter of IF it will happen, but WHEN. When it does happen, will you be prepared?

CPP40707 CIV in Security Risk Management  
CPP50607 Diploma in Security Risk Management

Learn the ability to identify, analyse and treat these risks.

Today there is an increasing demand for organisations to conduct risk analysis and hazard identification.

Every business requires internal risk management or external risk assessment and monitoring for OH&S as well as the ability to apply for and acquire insurances such as Public Liability, Workers Compensation and Professional Indemnity.

**INCREASE YOUR SKILLS AND GET NOTICED WITH A FORMAL QUALIFICATION!**

The Certificate IV and Diploma in Security and Risk Management qualifications combine the frontline skills of Operational Security with the planning and managerial aspects of Security.

It is designed for students, managers, supervisors, team leaders and consultants. It includes the latest student resources based on AS/NZ ISO 31000:2009 which provides essential guidance on how to establish and implement an effective Risk Management program.

All learners receive fully printed study guides – **the most comprehensive and industry relevant training resource available** – at no extra cost.

To gain formal qualification along with skills to advance career options, speak to Tactical Training today.
